Top 16 Teams
 Honda Campus All-Star Challenge '08 109

Friends First. Competitors Second. Leaders Forever.

Congratulations to the top 16 teams of the Honda Campus All-Star Challenge—a tournament which brings together 64 teams of today's brightest young minds from America's Historically Black Colleges and Universities. Although competition may be at the heart of it all, the biggest reward for these

students is the development of friendships that are sure to last a lifetime. For 19 years, Honda has donated millions of dollars in grants to help support these schools. This tournament has given these students a forum to compete, bringing out the best in themselves, while offering a social environment to build new and influential relationships. Through this enriching experience, Honda brings the Power of Dreams to life and helps inspire tomorrow's leaders.
